

May 8th, 2023

Members: Corrie Koopman-Frazier (Chair), Chris Gruner, Bobby Martinez
Staff Liaison, Chris Anderson

Meeting began at 6:28PM In the Finance Room. All members were in attendance.

Committee members reviewed vouchers from April 25th without any questions or concerns.

Anderson wanted to discuss if the committee thought it was a good idea to write a policy regarding utility bills when an error is found that could back up to 3 years. The committee discussed the pros and cons and after some back and forth it was decided there were too many potentials “what if’s” to cover everything in a policy, and that could cause more problems. The committee decided leaving it up to the Finance Director was the best option.

Anderson then brought up the cemetery preservation authorization that was on the consent agenda. No problems or questions as committee had already discussed in a prior meeting.

Anderson then gave a brief update on the new accounting system for the city. Anderson stated he had a demo and had a few others coming in the next 2 months. Anderson said there would be a budget item for this in 2024 and a go live date of January 1st, 2025, if everything goes the way we hope.

Meeting adjourned at 6:45pm
