

DRAFT Enumclaw Vision Statement

April 25, 2023

Introduction and explanation: this is a culmination of what we believe we heard from community members during the City's Visioning Workshop on April 25th. We welcome additional feedback which can be worked into future drafts of this statement.

Enumclaw brings people together with a sense of community that values all ages and incomes. Our vision is to grow with the intention to provide services and institutions for the well-being of our residents and businesses. We plan to provide diverse housing choices so that young people will return, and older residents can afford to remain.

Enumclaw treasures its agricultural heritage and historic downtown. We imagine a streetscape, vibrant with public art, that accommodates all types of transportation including pedestrians which will connect residents to services, schools, the downtown, and city and regional recreation facilities. To raise families and to do business, the city must keep safety a priority.
